

Dear FCC Commissioners & Staff:

My name is Frank Hulsman. I am the Scoutmaster for Boy Scout Troop 243, Lincoln Heritage Council, Louisville, Ky, sponsored by St. Barnabas Catholic Church.

Our local ISP (IGLOU) provides a free account to our boy scout troop and a free web page. I am writing to you about you reconsidering the rules which require telephone companies to provide ISPs access to the public switched phone network. I believe removal of these requirements would be a grave mistake.

I do not believe the bigger conglomerate phone companies are nearly as generous as these local ISPs. We need competition in the marketplace, not monopolies or conglomerates.

Commissioners, I implore you to continue to protect the ISPs' access to the public telephone networks, thereby protecting the rights of millions of consumers like me.

Sincerely,

Frank A Hulsman
